What's your strategy?
adversarial vs collaborative

what PG&E is up to & picture of playing field

Clarify

- not in joint venture w/ PG&E
- cooperation will resonate w/ CT
- consider line of comm. w/ PG&E, have done NDA before
- SCWA interested in regional sol'n (NGOs, Tribes, etc.)

SCWA put models on table, both watersheds, better understanding for all
more productive things to work on
